

discussion groups – questions – session 1

lebensministerium.at

- A** Which factors are decisive for the success of “eee” projects – which experiences are transferable to other projects in the field?

- B** How do framework conditions promoting the implementation of “eee” projects look like – which additional framework conditions could be supportive for the success of such projects?

- C** Which effects on macro level (macro economic level) could be created by a huge amount of “eee” projects?
